

# New Glassgate Plus Portfolio

Secure your premises with confidence with our new Fastlane® Glassgate Plus turnstile models.

We're thrilled to unveil our latest innovation in entrance control technology - the Fastlane Glassgate Plus series. This exciting new lineup builds on the success of our popular Glassgate models, offering enhanced features and capabilities to meet the evolving needs of modern security environments.

**10 million cycles strong**

Ask about our durability

## Glassgate 150 Plus

Sleek Design Meets Versatility

The Glassgate 150 Plus takes our most popular entry-level solution to new heights. This model now offers:

- Extra-wide lanes up to 39.4"
- Hidden beam windows
- Fastlane Connect Ethernet communications for easy control

## Glassgate 250 Plus

Elevated Security with a Modern Touch

Expanding on the foundation of the Glassgate 250, the Plus model presents an exceptional fusion of security and aesthetics featuring:

- Taller glass barriers up to 66.9"
- Seamless integrations with third-party technologies
- IP-based communications

## Glassgate 400 Plus

Uncompromising Security

For the ultimate in entrance control, look no further than the Glassgate 400 Plus. The highlights of this model's features include:

- Extra-wide lanes up to an impressive 47.24"
- Side-by-side dual entry detection
- Barrier heights up to 70.9"

**Product Features**

**Glassgate 150 Plus**

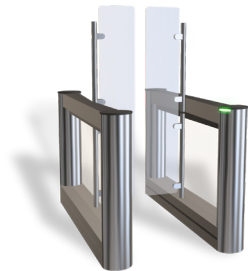

Pedestal footprint (L x W x H)	48.6" x 6.6" x 39"
Available Lane widths	26.0" / 36.0" (ADA) / 39.4"
Barrier Heights	33.4"
Brake Strength	60N

**Product Features**

**Glassgate 250 Plus**

Pedestal footprint (L x W x H)	48.3" x 7.4" x 40"
Available Lane widths	26.0" / 36.0" (ADA)
Barrier Heights	40", 47.2", 59", 66.9"
Brake Strength	60N (norm), 300N (locking option)

**Product Features**

**Glassgate 400 Plus**

Pedestal footprint (L x W x H)	67.24" x 8.6" x 41.85"
Available Lane widths	26.0" / 36.0" (ADA) / 43.3' / 47.24"
Barrier Heights	41.8", 47.2", 59.1", 70.9"
Brake Strength	120N (norm), 300N (locking option)

Fastlane's industry-leading metrics include:

**10,000,000+**

cycles of operation

**60**

people per minute

**.25"**

tailgate detection

**Intelligence**

Advanced infrared optical detection technology accurately pinpoints the size, shape, and speed of individual entities — detecting tailgaters less than 1/4" apart (the closest in the industry).

**Reliability**

Built for the long haul, Fastlane turnstiles deliver consistent performance, fewer maintenance headaches, and a lower total cost of ownership.

**Aesthetics**

Unmatched craftsmanship and stunning good looks elevate your environment. Fastlane's sleek, cutting-edge pedestals and barriers can be customized to match your lobby, budget, and design ideals.

**Speed**

Get the fastest throughput in the industry — up to one person every second — without sacrificing security.

**Flexible Integrations**

Seamlessly integrates other systems for comprehensive entrance security.

**Sustainability**

Fastlane manufacturing process is LEED preferred, featuring low voltage and low power consumption, while maintaining ISO 14001:2015 accreditation for environmental management excellence.
